

Face Painting Consent Form

Liability Statement- All My Friends Childcare After School and Holiday Club will not accept responsibility for allergic reactions to paint or glitter. Children with skin allergies or sensitive skin should either not participate or have a member of staff perform a patch test on the arm before painting the child's face. We will not paint anyone who is or appears to be sick or suffering from cold sores, conjunctivitis, ringworm, sunburn, eczema, any infectious skin condition or open wound.

All My Friends Childcare After School Club and Holiday club will only use Snazaroo Face Paints and cosmetic-grade glitters. Snazaroo face paints are fragrance-free and specially-formulated to be gentle on the skin. All Snazaroo face paints are water-based, making them as easy to take off although due to some high pigment content some colours may stain.

Parents should indicate any areas of the face where they do not wish their child to be painted on, for example, around the eyes.

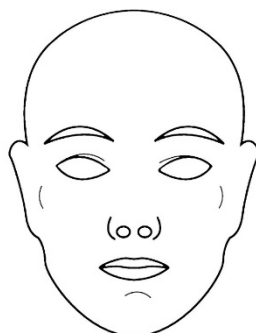

Parents must also inform us if they do not wish for their child to have glitter on the face.

All face painting equipment will be disinfected after every use for sanitary reasons.

Allergic reactions- If a child begins to experience an allergic reaction to the face paint, staff will immediately remove all face paint from the skin with a hypo-allergenic wet wipe and contact the parents to inform them of the reaction. Reactions to face paint consist of the following; itchy skin, red hot face, red watering eyes, red rash and/or swollen eyes, lips and face.

I give permission for my child _____ to have their face painted at All My Friends After School and Holiday Club.

*Please mark on the face map below areas you would NOT like to be face painted.

Print name: _____
